

New York City Subway

with railroad connections

Key

The subway operates 24 hours a day, but not all lines operate at all times. This map depicts morning to evening weekday service. Call our Transit Information Center at 212 for more information in English or Spanish (24 hours) or ask an agent to help in other languages (8AM to 10PM).

Service Note

The subway map depicts weekday service. Service differs by time of day and is sometimes affected by construction. Overhead directional signs on platforms show weekend, evening, and late night service. Visit www.mta.info for detailed guides to subway service: click on **Maps**, then **Individual Subway Line Maps**, **Service Guide**, or **Late Night Service Map**. For construction-related service changes, click on **Planned Service Changes** in the top menu bar.

On weekends, the MTA website and app show construction-related scheduled service changes. This information is also posted at station entrances and on platform columns of affected lines.
